You served, you deserve the best care anywhere.

VA provides women Veterans with a full range of services necessary for healthy aging. From disease screening and prevention to home-health care and support with end-of-life decisions, services are available either in-house in some VA facilities or through referrals to appropriate clinicians in the community.

Every VA facility is committed to meeting the unique needs of women Veterans by delivering the highest quality health care to each woman while offering her the privacy, dignity, and sensitivity to the gender-specific needs that she deserves.
Below are some of the healthy aging services available to eligible women Veterans. Contact the Women Veterans Program Manager at your local VA facility to learn more about the services available to you.

• HEALTHY AGING SERVICES
  Preventive care and tools to support healthy aging, such as:
  • Nutrition and fitness information
  • Safe driving evaluations
  • Help with osteoporosis prevention and treatment
  • Menopause management support

Screenings, prevention, and treatment for diseases and conditions, such as:
  • Heart disease
  • High blood pressure and diabetes
  • Colon, breast, and gynecological cancer

• LONG-TERM AND END-OF-LIFE SERVICES
  VA provides comprehensive care to eligible women through end-of-life needs. Some examples include:
  Long-term
  • Home-health services
  • Community living centers
  • Geriatric care
  End-of-life
  • Advanced directives
  • Living wills
  • Burial services

Your local VA facility has a full-time Women Veterans Program Manager ready to assist you in getting the help you need.

A PROMISE KEPT
VA Women’s Health Services promotes the health, welfare, and dignity of women Veterans and their families by ensuring equitable access to timely, sensitive, high-quality health care.
